### High school high jinks

DUSTIN GAMBOLD (LEFT) and Steve Hill, both juniors at Thomas Jefferson High School, send an annoying greeting via tollet paper to their friend, Rick Fredrickson. While Fredrickson was at football practice at Federal Way Memorial Stadium, his buddies swaddled his auto in tissue. Another partner in crime was Jason Mirante, also a junior at TJ.

## Ridley, Stead claim professional insight

Candidates cite legal, engineering training

With Federal Way City Council Position 6 candidates Bob Stead and John Ridley what you see is what you get.

Ridley is a moral, polite, intelligent person who works as a Boeing engineer. Stead is an ethical, affable, intelligent person who is an attorney and former district court judge.

Both have expertise in city issues, though it's a different type of expertise, and both have professional training that would qualify them to be city council members.

And though both have government experience, Stead's is more locally based than Ridley's.

Stead's considerable local experience may be what helped him get the second-highest vote total of any candidate in the May 16 primary election. Stead received 3,234 votes to Ridley's

#### Council countdown

This is the sixth in a seven-part series examining the races for Federal Way City Council. Look for the last story of the series, a report on the Pos. 7 race between Lynn Templeton and Phil Watkins, in Wednesday's Federal Way

Stead was Federal Way's first district court judge, elected for three terms beginning in 1963. He is also a past president of the Federal Way Chamber of Commerce, a member of the Health Care Campus Task Force, former Highline College Board of Trustees member, and was active in past incorporation campaigns.

HE HAS BEEN a past president of the South King County Bar Association and was a resource to the Georgette Group, which wrote Federal Way's most-recent incorporation study. He currently practices small-business and probate law at the Federal Way law firm he helped found.

Ridley works at Boeing, monitoring technical compliance of subcontractors on the Stealth bomber. He was an assistant professor of mechanical engineering at California State Polytech and has a master's degree in biomedical engineering. He has also had a year of law school and was a licensed real-estate agent in California.

He was a community redevelopment commissioner appointed by the city council of Pomona, Calif. He also served

## Residents turn out in force to hear council candidates

By KURT HERZOG

If the attendance at a Federal Way City Council candidates' Thursday is any clue, there should be an impressive voter turnout in the Sept. 19 elec-

About 400 residents came to Decatur High School Thursday evening to listen to the 14 candidates respond to questions about issues ranging from a moratorium on apartment development to regulating nude dance clubs.

That's at least twice the number of residents who turned out for any previous city council or incorporation event.

Candidates were allowed two-

rounds of different questions for each of the seven pairs of candidates.

Here are some didates' comments:

· Position 7 candidate Phil Watkins said he is more worried about the "Los Angelization of Federal Way than the Manhattanization," in response to a question about a limit on skyscrapers in the new city.

Federal Way can fight urban sprawl by "developing a more centralized business district," Watkins said.

His opponent, Lynn Templeton, said he's more concerned about "Bellevuization" of Federal Way, complete with skyscrapers and Bellevue's even worse traffic problems.

## Pool moving along

## Games officials seek event manager

By LYNN KEEBAUGH

The Seattle Organizing Committee for the Goodwill Games is looking for a juggler.

This juggler won't be part of the opening ceremonies for the 1990 Goodwill Games. He or she will be the person hired to arrange and manage the events at the Federal Way aquatics center, which will host the water oolo, swimming and diving events next summer.

The person being sought should have experience organizing multiple events in single or multiple venues and experience running a public facility. That means knowing how to manage ticket takers, ushers, food concessions and every tiny aspect of such a giant production as the Games, said Eleanor Mason, director of venue operations for the Seattle Organizing Commit-

tee (SOC). THE MANAGER search is on, Mason said, and she hopes to have eight site managers hired by the end of the month. Each Games site, such as the velodrome in Marymoor and the pool in Federal Way, will have its own manager. Some sites will be combined, and the Tri Cities and Spokane sites will have separate directors of operations.

Candidates are coming from within Washington and from outof-state, Mason said, and from a

### **Goodwill Games tickets** are available tomorrow

Goodwill Games organizers expect tickets for the swimming, diving and water polo events in Federal Way next summer to go fast. Those tickets go on sale Monday.

Ticketmaster outlets will handle sales, and order forms for single-session or ticket packages are available at U.S. Bank branches and Ernst

The aquatic events in Federal Way are just a few of 21 scheduled sports competitions slated for July 20 to Aug. 5. Prices range from \$3 for baseball at Cheney Stadium to \$50 for the gold medal basketball game in Seattle.

Swimming event tickets are \$10 to \$40, with races scheduled for July 20-24. Diving tickets also are \$10 to \$40, with competition scheduled for July 31 to Aug. 5.

Water polo is July 25-29, and tickets are \$5 to \$25. Synchronized swimming is July 30

Tickets to the opening ceremony July 20 at Husky Stadium are \$35 to \$100. For more ticket information, call Ticketmaster at 628-0888.

2,500 people, but Games organizers say about 500 of those seats will be taken by media and Games officials, leaving only 2,000 seats available to the public for each

The Seattle Organizing Committee still seeks volunteers to fill the estimated 10,000 jobs it needs to pull off the Games. Jobs range from clerical and technical to ushers and tickettakers. For more information, call the SOC volunteer center at 554-6500.

variety of backgrounds. Trying to attract a qualified manager for a short-term job does not present any particular difficulties, she said, because people who take such jobs often only, and tickets are \$10 to \$40.

The pool site has seating for

make a career of moving from event to event.

The manager won't have to come in cold and start from scratch. Approximately 15-20 SOC planners already are work-

ing out details of events planned for Federal Way, Mason said. They are working with county parks staff members to coordinate plans and assure all the bases are covered.

The SOC manager for the Goodwill Games pool currently under construction in West Campus will work closely with a facility manager hired by the King County Parks Department to run the building and physical plant at the pool.

That manager won't be hired until later this year, said Bob Regan, aquatics section chief for the parks department.

DURING THE GAMES, the county pool manager will be responsible only for the mainenance of the pools and building, while the SOC puts on the show, Regan said.

After the Games, the manager will be responsible for planning programs and lessons at the pool. The Federal Way pool will be the largest of 19 pools run by the county. It will have a permanent staff of about 20 part-time and six full-time people once the county gets its own programs into full swing, Regan said.

The pool's manager will not only have to organize typical lessons and public swims, but must try to keep the pool in the

## Bomb detector gets cautious reception

By BECKY KRAMER

It's the size of a small car -8 feet wide and 13 feet long, and it weighs 2,000 pounds.

It's a thermal neutron analysis machine - a bomb detector. It can check six suitcases a minute for terrorist explosives, and its price tag is just under \$1 million.

"The machine works on the principle that every suitcase is suspect until proven innocent," says Israel Bar-Nir, the product manager for Science Applications International Inc., the San Diego corporation that developed it.

A stream of neutrons

penetrate the suitcase, creating gamma radiation and generating an image on a computer screen.

The machine searches for nitrogen and other materials found in explosives. If the machine detects the materials, the checker can look at the screen to see if wires or batteries are present.

In essence, the machine works very much like a Catscan, Bar-Nir says.

THE FEDERAL AVIATION Administration has decided that it wants a thermal neutron

## Libraries chief outlines options

The Federal Way First! Transition Team requested Joann Piquette, president of the Federal Way Library Board of Directors, to obtain information on options for library services in the new city of Federal Way. The new director of the King County Library System, William Ptacek, provided the following information:

When Federal Way is officially incorporated, what will happen to the library?

The King County Library District (a library district separate from King County government) owns and operates the Federal Way Library. Residents in unincorporated King County pay for countywide library service based on a levy on property assessments. In 1988, the Federal Way Library was the sixth busiest branch in the 36-library system with a circulation of 546,236 items. It is one of the six regional resource libraries in the system.

The tax base for supporting the Federal Way Library will shift to the new city as of 1991. Here are options for funding service at the library:

The city of Federal Way could contract with the King County Library District to continue service. The contracted rate would likely be equal to that levied against other property in the district (\$.50 per \$1,000 assessed valuation). In order to ensure continuity and quality of service, a five-year contract is recommended.

The city of Federal Way could annex to the library district. In this case, the existing district property levy would continue to apply to all property in the city (\$.50 per \$1,000 assessed valuation). A local Federal Way Library Board would continue to serve as a liaison between the city and the KCLS Board of Trustees.

library, hire staff and purchase materials to serve the

#### **Transition Team**

needs of the community. The 1988 operating cost for the Federal Way Library was slightly over \$900,000.

How soon could a change take place?

Once the Federal Way City Council is elected and in office, action to contract for service in 1991 or to place an annexation measure on the ballot in 1990 (effective 1991) could occur.

What about the plans for new buildings in the bond issue that was approved in

The King County Library District bond issue approved in September of 1988 included plans for new library facilities within the Federal Way area. Soon after the election, the library district started searching for property for one of the two library sites; this search is continu-

We have a commitment to building the two new libraries in Federal Way. With all the time we're spending on site acquisition, most of that time is spent in Federal Way.

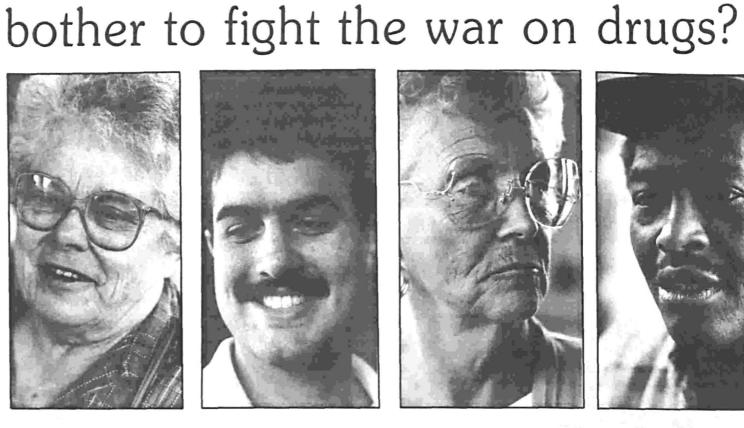

(Ptacek recently made an offer on a house in Federal Way and will soon be moving here.)

This is another in a series of articles submitted by the Federal Way First! Transition Team, a volunteer advisory group working to ease the transition from county to city government. This report The city of Federal Way was written by Jeanne Burcould operate the current bidge, chairperson of the contracted services commit-

## Judge's action helped safeguard citizens from harm

Editor's note: The following is a copy of a letter sent to King County Superior Court Judge Susan Agid. Editor:

Sunday, Aug. 20, I read in the Federal Way newspaper a report that stated you had revoked a suspended sentence given to Kenneth Lee Herald for a 1981 rape conviction and sentenced him to 10 years in prison for that incident. I commend you!

The article continued with the regret that Herald felt for his crime. I am sure that the 80year-old rape and beating victim (the crime for which he was on work release for) and the little girl that he molested so viciously while on release regret his actions too. They have to carry that pain and burden for the rest of their lives. I am encouraged that Herald will share his portion of that burden with appropriate senten-

That same day the Seattle Times Parade magazine had an article written by Andrew Vachss regarding child abuse.

### Letters

pedophiles, and the judicial and penal system.

I feel it agrees with and applauds fair judgment for criminals and lists many significant points of reason, the most important being that rehabilitation must take place behind bars, and that we must use the already existing and available sentencing to protect our citizens.

Thank you again for helping safeguard America's citizens from people who would do them

Mary McKinley

#### For the last five years I have stayed close to Joel. We have worked together on school issues affecting the children of Federal

Way. Together we've helped solve business issues that came before the Federal Way

Chamber of Commerce.

I have watched Joel be a friend to many families in their time of need just as he has been to our family. In fact, the focus of the family is very dear to Marks. This last year he helped organize Federal Way's Family of the Year Program, featuring Jim French of KIRO as the keynote speaker.

So, when Joel Marks says he opposes any tax increase, will be pro-active in police protection against drugs, will help develop a good environment for small business and help curtail multifamily housing growth, I know he will stick to his commitment even when others don't.

## News article slandered slain teen

ter."

I am writing this letter in response to the article on Paul Walden's murder, treating it lightly and passing it off as a gang-related death (Sept. 3, 'Gang questions cloud killing").

It angers me beyond belief to see that someone would say something as ridiculous, "He said, 'Crips to the death,' before slouching to the ground." While this may be OK to have as the ending to a late-night movie, it is repulsive and disgusting to try to exploit someone's life this

Although I did not know him very well, I know that he was intelligent, with a good chance of having a great life ahead of him. To try to glamorize a murder is of lowest tastes, while slandering him after he has died is unforgivable.

> Keely Nelson Mirror Lake

### Look closer at Marks' credentials

It is time to put the record straight on Joel Marks' campaign. He lists as a credential that he served on the 1985 Federal Way Community Plan Update Advisory Committee. Many people attended those sessions and Joel was well-known for sitting on his hands throughout sessions except

when there was a chance to speak for developers. At no time did Joel speak out then, against multi-family development, at the time when it originated with the county.

Joel is receiving support from developers and landowners who are hoping for rezones, even for wetlands being converted to commercial, if he is elected.

early Thursday morning.

### Let's all help Barden out - of office Arson blamed for fire at vacant home

While most of us have been concentrating on the Sept. 19 election of new councilmembers for the city of Federal Way that sly, old fox, Paul Barden, is reminding us that he wants to be returned to office — one that he has held since 1974.

He dropped a four-page campaign brochure on my porch last night. Must have been after I had gone to bed. It was the friendly "sorry I missed you" type. I found it this a.m.

I never fully appreciated Paul - never realized how active he has been. He lists membership in 21 community organizations, he has four different King County council assignments, he is on three committees of the Puget Sound Council of Governments and he also has eight miscellaneous jobs.

So being self-conscious about "spreading himself too thin," he wrote two full columns published in the Federal Way News on Jan. 15 and he explained, in part: "The 140,000 people who live in the unincorporated King County portion of my district have only me to respond to their calls, except for police and fire emergencies. Our county council district has by far more citizens in unincorporated King County than any other district. I work hard and believe that I am effective. But the 70,000 people in those valley cities have 25 elected officials to rely on and you have only me!" (How poignant).

Paul continued, "I also have another 80,000 people to serve. As our population continues to grow, and the calls increase, actually have time to devote to each call."

But, being slow of wit, I find his explanation puzzling. In November 1987, Paul sent out a very beautiful Thanksgiving card. Must have cost him (or somebody) a bundle and in it he cited other duties which had been pressed on him. His warmhearted greeting again reassured us that he was "work-

Gates proves commitment to community

Letters

He said, "In addition to my county council responsibilities, new challenges have been added. The Secretary of the Navy recently asked me to serve on his Advisory Board of Education and Training...I must be in Washington, D.C. Nov. 16-18 and Dec. 1-3 for meetings. I understand that you must read a lot and write opinions but should only be required to meet five or six times a year. I have learned quite a bit in a short time and I hope I can contribute as much as I receive from this honor."

(And I hope Paul doesn't have to pay all the expenses of these trips out of his own pocket and that his salary as King County Councilman continues as he travels back and forth to Foggy

Paul also wanted his constituents to know that he had been appointed to the governor's Economic Development Board Task Force on Training and Retraining and he further advised, "I have been re-elected Treasurer of the Seattle-King County Economic Development Council."

Yes, Paul can certainly justify his statement that he doesn't have time for anyone. (Whoops! That should read everyone.) But, with all his responsibilities he has certainly attained the right to call himself "jack of all trades, master of..." Hopefully voters will fill in the blank and help him out come election day. Robert L. Heunisch

## Candidates part ways on moratorium

Continued from A-1

on other city committees there. Ridley ran for Federal Way City Council in 1985, but lost. The city council was never formed because incorporation failed then.

Ridley, 62, has lived in Federal Way since 1983. In those six years, there's been too much growth, he said, and he wants a moratorium on apartment

development. Like several other races, the moratorium issue highlights the differences between the two can-

Stead, 55, has lived in Federal Way since 1961. He also has been frustrated by the runaway growth in Federal Way, but doesn't favor a moratorium. That only puts off dealing with the problem, he said.

INSTEAD, Stead favors development mitigation. He has been active in obtaining such mitigation fees as a member of DIRE (Development Impact Resistance Exercise), a local land-use watchdog group.

However, apartment development means more to Ridley than just insufferable traffic and loss

of the trees he said he loves. People who live in apartments aren't active community par-

ticipants, Ridley said. 'We have an abundance of apartments," Ridley said. "Peo-

ple just sleep there.' Condominiums are different, he said.

'Condominiums attract seniors," Ridley said. "Seniors generally have a tendency to take care of a place better. They have more of a motivation to participate in the community."

In fact, at the Ridley vs Stead chamber of commerce debate, Ridley proposed taxing apartments at higher rate than other

Ridley is offended by the recent opening of Deja Vu, a nude dance club on Pacific Highway South that formerly was the Lucky Lady topless dance club.

"I don't want to see Federal Way become skin city," Ridley said at a candidates' debate Thursday.

He has suggested taxing the club heavily or outright closing it down.

However, the U.S. Supreme Court has ruled that's unconstitutional. Instead, such establishments may be controlled through zoning or licensing, which is the approach Stead favors.

Those two approaches to dealing with a problem point out a major difference in styles and attitudes between the can-

While Stead favors a legally prudent and ethical approach to dealing with city issues, Ridley seems to base his problemsolving technique on moral righteousness.

While Ridley is fond of quoting the Bible, closing his one debate with a quote from Psalms, Stead too has not been without somewhat spiritual images in

his campaign. "I want the city to have a soul," Stead said at another

debate. Stead call Ridley's approach "inflexible."

"He's made his mind up and nothing's going to change it," Stead said. IRONICALLY, Ridley calls

Stead "inflexible." "I adapt to a solution," Ridley said. "He says 'This is the law." I'm open to different situations and I welcome the chance to talk to different people."

Paradoxically, Ridley also accuses Stead of changing his mind on issues.

Specifically, Ridley said Stead

## TJ's wishbone offense stymies Decatur

Thomas Jefferson's wishbone offense chewed up big yardage and the Raiders managed to control the ball and the clock for much of the second half en route to a 28-20 victory over Decatur Friday night in both teams' season opener.

"We were down at halftime and these kids hung together," explained Raider head coach Sam Beesley of his team's season-opening victory over the Gators. "We talked to them at halftime about this is the time to come together. We knew we could move the ball and we knew we had to stop them. We stopped them a couple times in the third quarter. That was it."

The Raiders' 6-4, 215-pound senior running back, Dan Meade, charged through the Decatur defensive line for 151 yards and two touchdowns on a school record 37 carries. His backfield running mate, Willard McDaniels, gained 58 yards on 15 carries, while junior quarterback Scott Orta ran the Raider wishbone offense to perfection. He rushed for another 46 yards on eight carries and scored one

The Raiders took the opening kickoff and drove 78 yards to paydirt. Except for a 13-yard completion from Orta to Jeff Jordan, Jefferson kept the ball on the ground. Meade carried the ball 12 times on that drive before scoring from the 1-yard line with 4:32 left in the quarter. Aaron Van Dusen kicked the PAT.

A FUMBLE return of 13 yards by Decatur's Dennis Henry after a Raider pitchout set up the Gators' opening score, as running back Kenny Lester carried the ball across the goal line from s out on the next play to cut the deficit to 7-6. The PAT flew wide right. Following a missed fieldgoal try of 49 yards by Van Dusen, the Gators struck quickly to take the lead. Henry, a 6-0, 190-pound senior back, broke free on a reverse and ran 64 yards to the Raider 16-yard line

Three plays later, junior quarterback Jason Stiles, who passed for 115 yards while completing 11 of 17 attempts, scored from the 1-yard line. Lester carried the two-point conversion to

give the Gators a 14-7 lead. The Gators forced Jefferson to punt after three plays on the next series. But the Raiders' Corey Morris scooped up a loose ball after Meade hit Stiles from the blind side, and then scampered 14 yards for a score. The snap from center on the PAT sailed high, leaving Jefferson trailing, 14-13, with 3:00 left in the half.

A 35-YARD kick-off return by Henry, who gained 90 yards on eight carries, helped set up his own score before intermission. After Stiles hit receiver Bill Ludwig on a 36-yard pass play and Lester rushed for four yards, Henry scored from nine yards out. Preston Larson booted the PAT for a 20-13 Decatur lead at

Jordan put the Gators deep in their own territory following a 53-yard punt, then Orta fell on a Gator fumble at the Decatur 10 midway through the third quarter. Orta capitalized on his own recovery by taking the ball over the goal line from the one on a fourth-and-one play.

The Raiders then threw in a little razzle dazzle on the PAT. Everyone but the center, holder and kicker lined up to the far left hashmark, then Orta took the snap from Andy Bley at center and began running toward the right on an option. He stopped suddenly and passed to Bley on a center eligible play in the end zone for the two-point conversion to put Jefferson into the lead at 21-20.

DECATUR PUT together a drive from its 28 deep into Raider territory late in the third quarter for the potential goahead score. But on a fourthand-14 pass play from Stiles to Michael Stevenson, the officials spotted the ball two yards short

photo by Paul T. Erickson

DECATUR RECEIVER Michael Stevenson drives forward for what would have been a crucial first down late in the third

of the first-down marker to turn the ball back over to Jefferson.

The Raiders then marched 83 yards for a score with a long drive engineered by Orta, whose nifty running and faking to his backs had the Gator defense confused. Meade, McDaniels

and Orta all carried the ball on the drive, which ended on a twoyard run by Meade with 5:08 left in the game. This time, Van Dusen added the PAT.

THOMAS JEFFERSON 28, DECATUR 20

quarter Friday night against Jefferson. But the officials spotted the ball shy of the first-down marker and Jefferson went on to post a 28-20 win.

FEDERAL WAY'S Lake Dawson proved that he could run with the football as well as catch it Thursday, scoring one touchdown on the ground to go with three in the air.

## Eagles use strong offense to bury Spanaway, 41-27

powered offense to overcome some early blunders and deal Spanaway Lake a 41-27 nonleague football loss Thursday.
"It was a real track meet,"

said Eagle head coach Tom Mc-Connaughey of the seasonopening win.

The outing was highlighted by the efforts of returning senior starters Lake Dawson, Scott Dixon and Jeff Wagner.

Dawson caught four passes for three touchdowns and 56 yards and rushed twice for 21 yards and another touchdown. He added an interception and a catch for a two-point conversion, and had a 75-yard touchdown pass called back on a penalty.

Dixon was devastating on the ground, churning out 207 yards and two touchdowns in 20 car-

Wagner threw the three touchdowns to Dawson and picked up 112 yards as the Federal Way quarterback.

The Federal Way defense had problems dealing with the likes of Sentinel quarterback John Stephany - who threw for 185 yards and rushed for 70 more and the Eagles got the game started on the wrong foot.

RATHER THAN fielding the opening kickoff from the Sentinels, the Eagles let the ball roll on the ground and did not cover it - giving Spanaway Lake the ball on the one-yard line.

"It was something coach-wise you can never figure out," said McConnaughey of the play. "I guess the kids got so wound up to finally get to play after all of the practicing and didn't think."

Sherriden May punched the ball into the end zone one play later and Ross Fields' conversion kick gave the Sentinels a 7-0 lead only 23 seconds into the game.

Federal Way was forced to punt on its first possession mostly as a result of a 15-yard clipping penalty that brought back Dawson's 75-yard catch then Spanaway Lake scored another quick touchdown.

Stephany got the ball to a wide-open Pat Jones on the other side of the Eagle secondary for a 59-yard touchdown. Fields made the score 14-0 with his kick.

Dixon struck just as quickly

## Federal Way used a high- Dawson scores four TD's to set the pace

Lake Dawson left himself a tough act to follow when he caught three passes for touchdowns and rushed for another in Federal Way's opener against Spanaway Lake Thursday.

Here's a quick look at Dawson's awesome night:

· His first touchdown came on a two-yard pass from Jeff Wagner, after getting himself wide open in the end zone.

· For his second touchdown, Dawson had to wrestle the ball away from a Sentinel defensive back and bring it down

· Dawson also picked up an

however, slicing through the middle of the Sentinel defense and then veering toward the left side of the field for a 61-yard score. He added the PAT to cut Spanaway's lead to 14-7.
Federal Way got another

after the ensuing kickoff,

break with 6:15 to go in the first quarter, as the Sentinel punter missed a snap and downed the ball only 19 yards away from his goal line.

Dixon carried the ball for gains of one and 16 yards to set up a two-yard pass from Wagner to a wide-open Dawson in the end zone. A missed kick left the Eagles down, 14-13.

STEPHANY scored the next touchdown of the game with 7:06 to go in the second quarter, rolling off Eagle tacklers for a 32yard run.

"We didn't wrap people up, and didn't get back on some plays," said McConnaughey of his team's early defensive woes. "Those things can be nightmares."

Spanaway Lake missed its conversion, and a 15-yard call on the Sentinels on the kick return set Federal Way up 48 yards from paydirt.

Wagner went to Monte Macon for a 34-yard gain, then hit Dawson for the 14-yard score. Dawson fought the ball away from a defensive back and then fielded it while falling out of bounds but keeping his feet inside the line.

while falling out of bounds. The play went for 14 yards. · He added another

touchdown on a 23-yard play, spinning away from a defender and running down the right sideline. He made another circus catch for the two-point conversion. · His last touchdown came

on the ground, as he went around the left end for six yards.

interception on defense, with his game totals being four catches for 56 yards and two carries for 21 yards offensively.

The conversion was missed to leave the Eagles one down at 20-19, but Dawson put his team ahead to stay with 3:14 to go in the first half on a 23-yard score.

He snagged the ball on the right side, then spinned away from a defender to bolt into the

## Area soccer teams collect victories in season debuts

The three Federal Way girls' soccer teams started off on the right foot by going undefeated in their of ening games.

The Federal Way girls' soccer team blanked Cascade on Tuesday in non-league play, 1-0, and then blasted Bethel Thursday, 11-2, in its South Puget Sound League opener.

Meanwhile, Thomas Jefferson's girls' soccer team also picked up a pair of victories, as the Raiders defeated Olympic on Tuesday, 2-0, and blanked Kentwood in their SPSL opener Thursday, 3-0.

Decatur's only action of the week was a non-league match Thursday at Stadium, which the Gators won, 4-1.

"I thought we played very well for our first game," noted Decatur coach Linda Heutmaker. "We have girls from eight different (club) soccer teams. We have a very young team, no seniors, so I was just really happy with them."

Trish Romero scored twice for the Gators against Stadium, once in the first half and again in the second half. She scored her first goal two minutes into the game on an assist from Jennifer Werner. Charity Mitchell scored Decatur's second goal four minutes later on an assist from Shelley Smith. Then Karlene Bush got into the scoring act for Decatur with a goal 30 minutes into the game with Jeni Mauck getting the assist.

Romero tallied her second goal of the evening 12 minutes into the second half to wrap up the scoring for the Gators.

Decatur opens SPSL play at 7:30 p.m. Tuesday at Federal Way Memorial Field against Puyallup. Thursday, the Gators play host to Kent-Meridian in another SPSL match set for 5:30

THOMAS JEFFERSON received goals from seniors Jolene Hering and Jesse Casbere in the victory over Olympic, a team the Raiders defeated last year in the opening round of the state playoffs.

Thursday at Kent, Casbere and Hering again provided the scoring punch for the Raiders, as Casbere struck the back of the net at the 5:29 and 29:48 marks, while Hering scored at the 6:51 mark. The Raiders outshot Kentwood, 26-4.

But the Raiders suffered a rash of injuries in the match against Kentwood, as Hering and junior Darcy Neil were among the Jefferson players who were injured. Hering reinjured her neck and Neil suffered an injury to her knee. The extent of those two players' injuries was not known at press time.

Jefferson was scheduled to

### Eagles sink **Spanaway** in opener

Continued from A-5

end zone. Dawson followed that up with a juggling catch out of a Sentinels' hands for a two-point conversion and a 27-20 lead.

Dawson carried the ball on an end-around play for a six-yard score in the third quarter, then Dixon struck on a 63-yard run down the right sideline. Dixon made both PAT's for a 41-20 lead.

Spanaway Lake got the last word in on a two-yard run by May following a 63-yard pass from Stephany to Robbie Grant.

FEDERAL WAY returns to action Friday, visiting Kentwood - last year's state AAA runner-up - for a 7:30 p.m. game at French Field.

meet Kennedy, last year's Class AAA state champion, in a nonleague match yesterday at Federal Way Memorial Field. The Raiders resume SPSL play at Federal Way Memorial Field Tuesday at 5:30 p.m. against Rogers. TJ also plays at Clover

Park Thursday at 7:30 p.m. FEDERAL WAY freshman Justi Baumgardt scored the winning goal Tuesday against Cascade, as her goal came within the last five minutes of

The Eagles had no problem handling Bethel in their SPSL opener, as Diana Heskin scored four goals to lead the onslaught and Stacy Ford and Baumgardt each tallied two. Other scores came from Elisha Marsh, Sheralyn Stackhouse and Tiffany Rutter. Shannon Sehlin,

who normally plays goalkeeper, came out to play the front line and had one goal called back.

Stackhouse also had a goal called back on an offsides call on a pass from Roslyn Fry.

Federal Way had 55 shots on goal and seven assists. The Eagles committed seven fouls, had five corner kicks and were called offsides six times.

Bethel scored both of its goals in the second half.

The Eagles had a non-league match yesterday against Mountain View, a team that Federal Way beat in the opening round of the state playoffs last year, 3-2, in sudden death overtime.

Federal Way travels to Auburn Tuesday for a 7:30 p.m. league match before returning home Thursday to play Sumner at the same time.

or your money back Sears, Roebuck and Co., 1989 SEARS PRICING PLEDGE: Yes, we'll meet or beat the competition's current advertised price on the identical item. Just bring the competition's current ad to any of our Retail Stores.

This offer applies to current merchandise in our Retail Stores only. Excludes clearance, closeouts, Sears catalogs and special services such as eyewear and dentistry. Merchandise in this advertisement available at most larger Sears stores. Unless qualified, all prices are Sears everyday regular prices. A special purchase, though not reduced, is an exceptional value. Unless otherwise specified, delivery charges not included in selling prices of merchandise. Installation available on many products. See store for details.

We do our best to have adequate stock of advertised items to meet demand. Due to circumstances beyond our control, on occasion, out of stocks occur. When this happens, Sears will, at its option, substitute an equal or better item at the advertised price or provide a "raincheck." Excludes limited offers.

stallation extra.

Your monev's worth and a whole lot more.

## City council candidates entering final campaign stretch

Continued from A-1

"I don't think high-rises are compatible with our area," Templeton said. "I see Federal Way as a group of neighborhoods."

· Position 6 candidate Bob Stead advocated better planning to solve the community's traffic and growth problems.

In response to a question paraphrasing author Gertrude Stein, who once said of her hometown, "When you get there, there is no there there," Stead said in Federal Way, "We need some planning to get there and get back."

His opponent, John Ridley, concurred that the city needs better planning and cautioned that the city council must be on guard against establishments like Deja Vu, a recently opened nude dance club.

"I don't want Federal Way to be called "skin city," he said.
• Position 5 candidate Bob

Wood said he won't be a council member with a closed mind on city issues.

"I don't come to the council with an agenda," Wood said. "I come with common sense and an arithmetic sense."

Wood's opponent, Jim Handmacher, said he has demonstrated his commitment to the city through his work on incorporation and land-use issues and said he wants to keep

promises he made to the city.

"I have demonstrated the commitment to do the job," Handmacher said. "This is not a hobby because I have time to

 Position 4 candidate Elaine Cook said she wants Federal Way to be family-oriented and said that she, unlike her opponent Jim Webster, "is free of bureaucratic thinking."

Webster is a former King County Park System manager. Webster said, "Parks are the heart and soul of the communi-

He also said he is prepared to take legal action against King County to make sure Federal

Way collects tax revenues it already has paid for road pro-

 Position 3 candidate Georgene "Jo" Asbury said she is fiscally conservative and wasn't endorsed by the Federal Way News for that reason. She inferred that her opponent, Debbie Ertel, was endorsed because she is "an employee of the local newspaper."

However, Ertel doesn't work for any local newspaper. Rather, she is a production analyst for a printing company that is owned by the same company that owns the Federal Way News.

Ertel said she has been involved in Federal Way issues for 15 years and asked the voters for their permission to continue working for the community.

 Position 2 candidate Joel Marks said he will oppose any tax increase and wants a moratorium on apartment development.

Marks also said he does not favor a proposal from King County Councilman Paul Barden to continue close contacts with the county.

Mark Freitas, Marks' opponent, also said he doesn't support Barden's proposal.

"We want local control and local choices," Freitas said. "I've made my lifelong ambition to serve the community in which I lived."

· Position 1 candidates Mary Gates and Bill Shortt both said they favor attracting jobs to the new city.

"I favor whatever jobs are not McDonald's hamburger-type jobs," Gates said.

Shortt said Federal Way's location will make it a prime contender for attracting airportrelated jobs.

"We weren't the kind of city people would want," he said. "That's changed."

Those who attended the 90minute-long forum were treated to tote bags, free newspapers, balloons and cookies by the Seattle Times, which sponsored the debate, along with the Federal Way Community Council.

Another debate will be at 7 p.m., tommorrow, at Decatur, and is sponsored by the Morning News Tribune and the community council.

Tommorrow's forum will be the last public opportunity to see all the candidates together before the Sept. 19 election.

## Airlines want cheaper detector

Continued from A-1

analysis machine or equivalent in 40 U.S. and foreign "highrisk" airports within the next three years.

The FAA has not yet released the names of all 40 airports, but it is likely that Sea-Tac would be included because of the number of international flights and the volume of traffic, said Mitch Barker, spokesman for the FAA in Seattle.

San Francisco, Miami,

Frankfurt, West Germany and the Gathwick Airport in London will be among the first airports where the device will be used, Barker said. It is already being tried at Kennedy Airport in New York on an experimental basis.

Airlines are giving the miracle machine a bit cooler reception.

"We have for years supported the research and development effort," said Tim Neale, spokesman for the Air Transport Association. "The concern is that it is being rushed along too fast. The FAA may require too much screening too soon."

The airlines are proposing that the FAA wait until more testing is done on the machines and until more companies are manufacturing the machine at a more competitive price, Neale

"It's still not certain who would pay for these things," said Doug Miller, corporate spokesman for Northwest

## Teen robbed of pay, drug money

A 15-year-old Federal Way youth told police he was robbed of \$600 by two men who asked him to buy their drugs.

The youth said he was walking through the parking lot at Federal Way Shopping Center at 9 p.m. Monday when he was approached by the men, who he had met earlier at a doughnut shop where he works. He also told police he was involved in dealing drugs with the men.

The three talked for a minute, and one man put his arm around the youth and asked him to buy some rock cocaine. The youth said he could not afford to buy much, and the man started to squeeze him, then jabbed something hard into his ribs and said, "Give me all your money or I'll blow your guts out."

The youth said he handed over \$600, half of which was his justcashed paycheck and the other half profits from drug sales.

The man who robbed him is black, 22 years old, 5 feet 6 inches tall and 160 pounds. He is known as Joe to the youth. The other man also is black, in his 20s, 5 feet 7 inches tall and 130

Police

#### Owner fires in air to warn burglar

A shop owner who lives above his business woke early Thursday morning to a strange noise, and surprised a would-be

burglar. The owner of Videotronics at South 336th and Pacific Highway South told police he woke at 1:50 a.m. to hear someone climbing a ladder affixed to the building, and then trying to pry off a ven-

tilator cover on the roof. The man had his wife call police while he fetched his handgun and went to wait for the intruder to leave the building. He confronted the intruder, who pleaded with the owner not to call police because he was drunk.

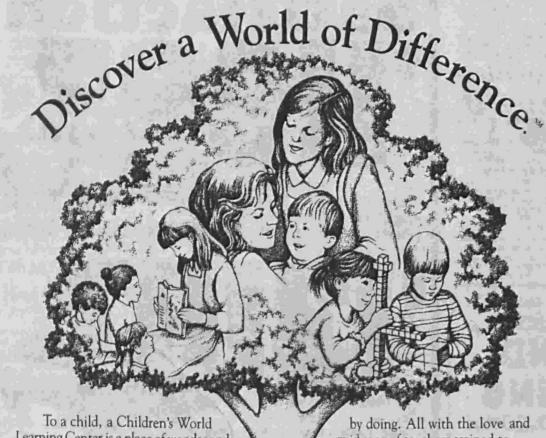

The intruder then ran, and the owner fired a warning shot into the air, and gave chase, he told police. The police arrived as the intruder rounded a corner of the building, and the man was arrested. He was booked into the King County Jail for investigation of attempted first-degree burglary.

#### Dart from sniper hits 8-year-old boy

An eight-year-old Jovita area boy was shot Thursday evening by a sniper shooting a homemade dart.

The boy told police he was playing on a woodpile in his own yard at about 7:15 p.m. when he heard a "whoosh," and felt a sting on the back of his leg. He found a home-made plastic dart made with purple and black thread imbedded there.

Police reports say whoever shot the dart probably was hiding in a nearby briar field.

Learning Center is a place of wonder and excitement, full of fun and friendships. To you, it's knowing you'll be giving your child a multitude of experiences he or she can't always get at home or in school. Our Pathways learning program for

pre-schoolers and Adventure Club for school-agers allow children to learn

guidance of teachers trained to understand what a child needs. We have creative programs and materials that challenge and invite participation. Visit the center in your neighbor-

hood. You'll discover a world of difference.

We call it learning. Children call it fun.51
